

Dear COL STARR,

17 Jan 06

Thank you for the Christmas card and letter. Can you please give me more information about the Association of the Century?

I was cross-leveled from the 100TH Div to the 80TH Div. I am the NCOIC on a nine man American team. We are called MTT, Military Transition Team. We live with 720 Iraqi soldiers in the middle of Fallujah city. The Iraqis went through basic training over a year ago. Our goal is to get them to operate without any American's help. Our BN is in charge of 1/3 of the city of Fallujah. I should be home some time in August.

My address has changed:
